

Peaks & Troffs

Welcome to the Winter edition of Peaks and Troffs, I hope everyone has caught their fair share of Tuna over the cold months. I was lucky enough to catch my first Tuna (15kg) although some may say it was only a pilchard!! The weather will hopefully improve soon so get the boat serviced and be ready to strike. Enjoy the newsletter, and if you have any photos or stories please forward them on to jctwaddle@westvic.com.au. Happy Burleying.

Presidents Report

Hi All

As this is my last press release due to handing over the responsibility of being the club president to Peter Goode.

I have had an eventful two years at the helm and a good time working with a great group of blokes running the club. We have achieved a lot over the time.

1. Increasing membership.
2. New scales at Warrnambool & Port Fairy boat ramps.
3. Setting the foundation for the new club rooms at the harbour pavilion

Without the help from club members, none of the above would have happened.

So a big thank you to all who chipped in. I would like to wish everyone all the best in their new roles in the club as we go into a new era in getting new club rooms which will be very exciting and long awaited from members back 30 years ago hoping this would take place eventually.

So with that, good fishing and good health.

2009/2010 Presentations

The Club had their annual Club awards at the Flying Horse Hotel on Sunday 22/8/10. It was a great turn out with the upstairs function room almost full and what was more pleasing a lot of juniors were there. Everyone had a fantastic lunch with the awards handed out during the courses. After lunch Peter Warner was presented with an Honorary membership and Reg Banner and Neil Clarke were presented with Life memberships. After taking a trip down memory lane with a slide show on the big screen about the new inductees we finished with a goods auction with plenty of items for the kids and also the bigger kids.

The following are some of this years award winners:-

CLUB OUTINGS

June

The June outing this winter we had a day out chasing Tuna off Port Fairy. Six boats headed out at 7am with a weigh in time of 4pm. We saw plenty of SBFT caught but were all around the 10kg mark. Peter Goode weighed in the heaviest SBFT at 13.3kg to guarantee bragging rights for the day.

July

It was the Annual small Billfish (garfish) competition over at Pea Soup, Port Fairy. Dads were pitted against sons and daughters for the ultimate prize. Young Sophie Woolstencroft (check out the photo in Kids Korner) landed the biggest Gar, which once again shows the pros are being cleaned up by the kids!!

August

On a nasty, cold and wet night the club had an informative night at the Warrnambool CFA Headquarters. David Ferguson and James Hill of the CFA talked to club members about fire safety onboard boats and what fire extinguishers you are suppose to carry. We were also informed about what type of fires could arise whilst out at sea and what preventions we could put in to practice to avoid such fires. The majority of club members thought that letting off old flares and fire extinguishers was the best part of the night but it also gave members who had never done this an insight into what it's like to and how you let off flares and put out fires.

SOMETHING FUNNY...

*Two great white sharks, swimming in the ocean, spied the swimming survivors of a sunken ship??
"Follow me, son." the father shark said to the son shark, and they swam toward the mass of people.*

*"First we swim around them a few times with just the tip of our fins showing."
And they did.*

*"Well done, son! Now we swim around them a few times with all of our fins showing."
And they did.*

*"Now we eat everybody."
And they did.*

*When they were both gorged, the son asked,
"Dad, why didn't we just eat them all at first? Why did we swim around and around them?"*

His wise father replied, "Because they taste better without the shit inside!"

Subject: Fines for Winter

Mick Rantall – Now Mick who is classified to some as a TECH HEAD had a little computer trouble whilst fishing one fine day on the briney. Some may think that his trouble involved transferring buckets of money to his bank account, but unbelievably you would be wrong. An SOS went out because the computer trouble was in the outboard motor, which left poor old Mick stranded on the briney, which meant he needed a tow to shore. Some may think that Mick now owes Steve O'Brien a beer, good luck getting that beer Steve.

Mark Dwyer - Smurky took on a bigger opponent and came of second best, yes it was an Albatross!!

Neil Clarke - Caught himself a small Albacore, tagged it, posed for a photo, dropped it, filleted it and took it home. Clarkey it pays **not** to do the right thing sometimes....Nice job!!

Neil Clarke – Clarkey known for his clowning around all most lost the Border Shield for the club. He was telling Ashley Dance how good his new neck warmer was, and being a kind and generous fellow he had bought one for Ashley. He proceeded to place a pink neck warmer over Ashley's neck; mind you Ashley was trying to catch what was the Tuna that won the Border Shield. After pulling aboard the fish and Clarkey wrestling the neck warmer on all the crew could do was shake their heads and say how good Ashley looked good in pink!!

KIDS KORNER

Sophie Woolstencroft with a great Garfish she caught at the Club outing in July.

Wil Woolstencroft with a nice Bream.

What did the sardine call the submarine?

A can of people!

What's the difference between a fish and a piano?

You can't tuna fish!

Why are sardines the stupidest fish in the sea?

Because they climb into tins, close the lid and leave the Key outside!

What do you call a dangerous fish that drinks too much?

A beer-a-cuda!

Who has eight guns and terrorizes the ocean?

Billy the Squid!

What happened to the cold jellyfish?

It set!
